# INTRODUCTION

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1951-52 edition of the Wilson City Directory. A new feature, the Numerical Telephone Directory, marks this edition.

Confidence in the growth of Wilson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilson to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Five Major Departments

The five major departments are arranged in the following order:—

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 25 to 415, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilson, and the name, official personnel, nature and address of each firm and corporation in the city.

**THE BUYERS' GUIDE**, preceding the Classified and separately paged from 1 to 80, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Wilson. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Wilson, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 497 to 576, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, on pink paper, covers pages

577 to 655. In this section numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, on blue paper, begins opposite page 656.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilson.

### **The Wilson Directory Library**

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,  
Publishers.

## Statistical Review

Form of Government—City manager-aldermanic.

Population—22,964 (1950 U. S. Census preliminary report). American-born, 97%. Predominating nationalities of foreign-born residents; Greek, Syrian and Albanian.

Area—6.71 square miles.

Altitude—145 feet above sea level.

Climate—Average annual temperature, 60.8 degrees F.; average annual rainfall, 48.1 inches.

Parks—5 public.

Assessed Valuation—\$29,295,212 (1951).

Bonded Debt—\$3,305,000 (1951).

Financial Data—3 banks, with total deposits of \$105,-420,340 (Dec. 31, 1950).

Postal Receipts—\$162,000 (calendar year 1950).

Churches—18, representing 10 denominations.

Industry—Chief industries of city and surrounding territory: Agriculture, manufacturing and lumbering. 42 manufacturing establishments, employing 5,225 men and 3,360 women, and paying wages of \$7,900,000 annually (last report). Principal manufactured products: Wagons, bus bodies, fertilizer, cotton yarns, cottonseed hulls and oils, bakery products, dairy products, fixtures, veneers, feeds, lumber products, plush materials and tents, shirts, women's blouses, concrete pipe and blocks.

Trade Area—Retail area has radius of 40 miles, and population of 400,000; wholesale area, radius of 100 miles, and population of 1,650,000.

Newspapers—1 daily (Wilson Daily Times).

Radio Stations—WGTM (5,000 watts); WGTM-FM (10,000 watts); WVOT (1,000 watts).

Hotels—2 principal, with total of 300 rooms.

Railroads—2; Atlantic Coast Line and Norfolk Southern.

Highways—U. S. 246 and 301; State 42 and 58.

Amusements—Largest auditorium in city (high school) seats 1,400 persons. 5 moving-picture theatres, with total seating capacity of 3,175 persons. 1 golf course (18 holes). 3 swimming pools.

Hospitals—5, with total of 409 beds.

Education—Atlantic Christian College. 7 public schools, including 1 senior high. 1 parochial school. Number of pupils in public schools, 4,900; teachers, 156.

City Statistics—Total street mileage, 81.36, with 46.18 miles paved. Miles of gas mains, 25; sewers, 70. Number of water meters, 5,246; light meters, 11,990, gas meters, 1,838. Capacity of water works (municipal), 3,000,000 gallons; daily

average pumpage, 1,500,000 gallons; miles of mains, 47; value of electric, gas and water plant, \$4,620,588. Fire department has 40 men, with 2 stations and 5 pieces of motor equipment. Value of fire department property, \$115,000. Police department has 28 men, with 1 station and 5 pieces of motor equipment.

### General Summary

Wilson was incorporated Jan. 29, 1849, and is known as "The World's Largest Bright-Leaf Tobacco Market" and "The City of Beautiful Trees."

The first tobacco warehouse was constructed in Wilson in 1890. It proved very successful as a convenience to the farmers, as well as a profitable business enterprise for the owners. From the beginning, Wilson proved popular as a tobacco market, and that this popularity has increased is evidenced by Wilson's phenomenal growth in this respect, the city having gained the distinction of being the world's largest bright-leaf market. Although a tobacco center, Wilson has other industries that contribute materially to its payroll and welfare.

Wilson is the county seat of Wilson County and is the largest township in the county, which has a total of ten townships. Wilson County was named for the Hon. Louis D. Wilson, long a member of the Senate from Edgecombe County and a volunteer in the Mexican War. By the U. S. Census of 1940, the county population was 50,219.

### Industries

To trace the background of Wilson's industrial program, special reference should be made to its first industry, estab-

Aerial View of Business Area of Wilson

lished in 1854 under the name of Hackney Bros., engaged in the manufacture of buggies. Later there came a rapid change in vehicles, automobiles replacing buggies and in keeping with this development, Hackney Bros., in 1919, discontinued the manufacture of buggies, reorganizing under the name of Hackney Bros. Body Co. Since that time this company has engaged in manufacturing the latest types of commercial bus bodies. Wilson's second oldest industry, the Hackney Wagon Co., was organized in 1903. This concern manufactures the most modern type of horse-drawn wagons and other articles. Other products manufactured in Wilson include cotton yarn, cotton linters, cottonseed hulls, cottonseed oil, acid phosphate, various grades of fertilizer, ice, lumber, building materials, memorial monuments, mattresses, dairy products, candy, bottled drinks, concrete pipe, neon signs, upholstered furniture, shirts, pajamas, blouses, bakery products, plush materials and tents.

Although not actually engaged in manufacturing, the tobacco redrying plants located in Wilson are an important factor in the industrial life of the community, particularly from the standpoint of employment and payroll. These redrying plants prepare tobacco through a stemming, steaming and grading process that puts it in readiness for manufacturing, hence their operations are closely aligned with manufacture.

#### **Wilson, the World's Largest Tobacco Market**

Tobacco more than anything else has given Wilson an international reputation, for it is "The World's Largest Bright-Leaf Tobacco Market." A summary of this huge tobacco industry is as follows:

There are seventeen auction tobacco warehouses, with a combined floor space of 2,000,000 square feet, which, when filled to capacity, will hold approximately 27,780,000 pounds.

**Scene in a Tobacco Warehouse, in the World's  
Largest Bright-Leaf Tobacco Market**

There are ten tobacco re-drying plants, furnishing a re-drying capacity of approximately 2,500,000 pounds daily, with three eight-hour shifts as the regulation running time. There are five sets of buyers, all companies being represented, and at a selling rate of 360 piles of tobacco per hour, it is possible for these men to purchase on an average of approximately 1,350,000 pounds per day. With six hours as the regulation sales day, warehouse floors, when filled to capacity, can be cleared in three days. Wilson reached its selling peak in 1939, the total sales for that year being 91,-007,768 pounds, and the receipts for this tobacco totaled \$15,039,003.40. In 1950 the Wilson markets sold 85,330,228 pounds for an average of \$57.10 per hundred, this tobacco bringing \$48,721,117.95. Consistently, the Wilson market leads the 76 bright-leaf markets in the flue-cured area, covering six states, in total sales and highest average price. These advantages offered by the Wilson market make it the most popular in eastern North Carolina.

### Agriculture

Wilson County is primarily an agricultural county, with practically 80% of its income derived directly or indirectly from agricultural products. The principal crops are tobacco, cotton and corn, although the following commodities are produced in reasonable proportions: Wheat, peanuts, rye, cowpeas, soy beans, cowpea hay, soy bean hay, mixed hay and clover. The soil is adapted for the growing of most all types of vegetables and fruits, although these crops are not grown and marketed on any large commercial scale, but mostly for home consumption. One of the most important developments in the agricultural picture of Wilson County is the promotion of pure-bred live stock among the residents of the county. For outstanding agricultural achievement in 1943, Wilson County was honored by the U. S. Army Quartermaster Corps with the "A" Award, the equivalent

Wilson's Green Fields, the Making of an Outstanding  
Agricultural Center

of the Industrial "E." Wilson was one of the 34 counties in the entire nation to be so honored.

Wilson recently became headquarters in the State for Cargill, Inc., world's largest grain merchants.

### Location

Wilson is located on the main line of the Atlantic Coast Line Railroad and the Norfolk Southern Railroad. It is also located on U. S. Highway 301, which is a connecting link with the shortest north-south automobile route, and on U. S. 246, main east-west highway in the state. U. S. 301, known as the "Tobacco Trail," now leads all north-south routes in the handling of tourist traffic north and south. Wilson also is served by excellent roads leading in all directions, thus giving the town and county excellent transportation facilities. Due to its geographic location and its accessibility to the large population represented by surrounding towns within a reasonable distance, the city is now recognized as the most popular distributing center for eastern North Carolina. Many traveling men make Wilson headquarters as a result of its location advantages.

### Power, Light, Gas and Water

The electric, gas and water plant and distribution system in Wilson are municipally-owned. The Town of Wilson owns approximately 400 miles of distribution lines outside the corporate limits, and furnishes electricity wholesale to six towns within a radius of twenty miles, and power and light to approximately 2,500 rural customers. The utilities of the Town of Wilson, including land, buildings and distribution system, are valued at \$4,620,588. The electric plant has the latest improved equipment, with a generator capacity of 21,000 k. w. The rates, both domestic and industrial, are in line with other towns in eastern Carolina.

Wilson County Court House, the Hub of County Administration

**Charles L. Coon High School, a Unit of Wilson's  
Efficient School System**

**Atlantic Christian College, Center of Advanced Learning**

Wilson's water supply is taken from a lake at the head of Contentnea Creek. The watershed and storage space are ample to meet every requirement. The filtering and pumping plant has a capacity of 3,000,000 gallons daily. The distribution system and fire hydrants service reaches every part of the town. Sewers and water are available in every section. The demand at present is 1,500,000 gallons every 24 hours.

### **Educational Facilities**

Wilson and Wilson County have a very fine school system, with attractive school buildings and splendid equipment. There are 54 schools for white and colored pupils in the county, having a total valuation of \$1,536,853.

The Atlantic Christian College, located in Wilson, offers courses in higher education. Its enrollment for 1950-51 was approximately 500.

### **The City of Beautiful Trees**

Wilson is known as "The City of Beautiful Trees," and though there are many residence streets in the city with a variety of lovely trees, Nash Street is considered the most beautiful, with Park Avenue deserving special recognition. Over a period of years several geographic and pictorial magazines have written special articles and given particular reference to Nash Street, and have designated it as one of the seven most beautiful residential streets in the world. To the students of nature, and especially to those who admire beautiful trees, Nash Street is a real attraction. It offers an assortment of trees as follows: Pecan, birch, magnolia, walnut, umbrella, liveoak, cypress, hickory, pine, dogwood and willow oak. On spacious lawns in front of beautiful homes, these trees are found growing amid numerous kinds of shrubbery and many-colored flowers.

**Representative Wilson Church, in the Religious  
Center of Eastern North Carolina**

### **Churches**

Wilson is a religious town, yet it is not over-churched. There are eighteen churches, with the following denominations represented: Missionary Baptist, Freewill Baptist, Pentecost Holiness, Methodist, Presbyterian, Episcopal, Lutheran, Christian, Catholic and Jewish. The Salvation Army conducts a mission in Wilson.

### **Hotels**

Wilson has two modern hotels with a total of 300 rooms, modern tourist homes, several boarding houses, numerous good apartment houses, and excellent auto courts.

### **Theatres**

Wilson has four indoor theatres for white people and one for Negroes, each being well-equipped, and with a combined seating capacity of 3,175. Also there is an outdoor theatre.

### **Newspapers**

The Wilson Daily Times was established in 1902 and covers Wilson County and Wilson's trading territory.

Zion's Landmark, the organ of the Primitive Baptist Church, was started in 1867, and is issued semi-monthly.

### **Radio Stations**

Wilson is the home of Radio Station WGTM (World's Greatest Tobacco Market). The station operates on a frequency of 1,340 kilocycles. The studios, which are located on U. S. 301 about one mile north of Wilson, have the latest radio equipment. The station has made definite contributions to the civic and social welfare of the city and county. Wilson also is the home of WGTM-FM, at present the most powerful FM station in eastern North Carolina. It operates on 96.9 on your FM dial. Wilson also is the home of WVOT (1,000 watts), which has been outstanding in its contributions to civic betterment.

### **Hospitals**

Although Wilson and Wilson County are considered exceptionally favorable from a health standpoint, Wilson has four hospitals, each of brick construction, equipped with the most modern facilities. By reason of their equipment, efficiency and service, these hospitals have gained a splendid reputation and are serving a large area in and around Wilson.

Aside from these hospitals, Wilson has a private clinic and a number of skilled physicians who are contributing factors to the hospitals and medical field of the city.

The Eastern North Carolina Sanatorium, for many years a dream, has been established and is operating on the outskirts of Wilson. A 200-room hospital, it furnishes adequate facilities for the treatment of tuberculosis. Patients in this hospital come from all sections of eastern North Carolina to receive treatment. This institution has furnished much to the medical interest of the state at large.

### **Organizations**

Wilson is proud of its organizations and clubs. Work in civic, fraternal and patriotic organizations and social

clubs is spirited and intense. The civic and social welfare of the community and the county is ever before each organization, and the contributions of these groups have been manifold. The Rotary, Kiwanis and Lions clubs, the Business and Professional Women's Club, the Woman's Club, the Junior Woman's Club, the American Legion, the Amvets, the VFW Post, the Wilson Exchange Club, the Wilson Civitan Club and the Wilson Junior Chamber of Commerce have centered their activities on projects that will benefit the community and at the same time, aid substantially in national unity. All organizations in Wilson cooperate wholeheartedly with the Wilson Chamber of Commerce in its work of coordinating civic activities and interest throughout the city and the county.

### Recreation

Wilson is well supplied with recreation facilities. These include a \$76,000 stadium, with a seating capacity of 3,500, in which both baseball and football can be played. Recreation Park, covering several acres, consists of a baseball diamond, swimming pool, two tennis courts, a diamond for day and night softball, and playground equipment for children. The city also has four other parks. There is a beautiful country club located three miles from the city limits. In addition to an attractive clubhouse, which is used for banquets and dances, the Country Club has a splendid eighteen-hole golf course, and a swimming pool. The city has a full-time recreation director and a recreation commission.

Camp Charles, a Boy Scout camp serving eastern North Carolina, is located fourteen miles east of Wilson. The Wilson Boy Scout Council was responsible for the building of this fine camp. It covers about 73 acres, with lake, large mess hall, craft shop and cabins. Under-privileged girls also make use of the camp each summer.

Municipal Stadium, Center of Athletic Activity

### Library

In 1921 the Department of Literature of the Woman's Club established a free public library in Wilson. Since 1935 the library has been sponsored by the Town and County and is free to all the people in same. The Town and County have constructed one of the most complete library buildings in the state, at a cost of approximately \$75,000. It is a most up-to-date building in every respect and houses some 15,000 volumes.

### Municipal Buildings

All executive and administrative offices of the Town of Wilson are centered in the Municipal Building, constructed in 1940 at a cost of \$127,000. This centralization aids in efficient and economic city government.

### Government

Wilson is governed by a mayor, a city-manager, and a board of aldermen composed of six men, one from each ward, elected to hold office for two years.

### Wilson Cotton Market

Wilson is one of the leading cotton markets of eastern North Carolina, with sales aggregating between ten and twelve thousand bales per year. The county is served by 26 cotton gins. The largest domestic and foreign importers and exporters of cotton are represented on the Wilson market.

### Retail and Wholesale Trade

With an active Chamber of Commerce and a fine Retail Merchants' Division of this Chamber of Commerce, Wilson is slowly making great strides in the wholesale and retail field.

(Indian for "Social Gathering") at Wilson

**Cotton Field in Wilson County, Making Wilson a  
Cotton Center of the South**

**Recreation Park; Full Facilities for Fun  
Are Found Here**

In 1950 alone, Wilson added some 24 new businesses to its payrolls and retail and wholesale power.

Wilson's wholesale sales totaled \$62,441,000 in 1950.

Wilson has a retail trading area of 40 miles radius in which live some 400,000 persons, while it has a wholesale trading area of 100 miles radius in which live some 1,650,000 persons, or approximately half the entire population of North Carolina.

Wilson's effective buying income for 1950, according to the 1950 "Survey of Buying Power" of Sales Management, was \$28,478,000.

Wilson welcomes more wholesalers and retailers.

### **Wilson's Future**

It is pointed out by many that Wilson has a bright future, due to its ideal location, transportation facilities and agricultural and natural resources, all of which are important factors in attracting new industries. It would appear that Wilson is in position for industrial development, and many manufacturers are considering Wilson as a distributing center for their products, as eastern North Carolina can be so well served from this point. Many traveling men make Wilson headquarters on account of the convenience of working in and out of the city in serving eastern North Carolina. As the "King of Tobacco," Wilson may some day be engaged in the manufacture of many tobacco products. The people of Wilson are thinking in terms of expansion and commercial development and are most optimistic as to their city's future.

### **Wilson Chamber of Commerce**

The Wilson Chamber of Commerce is recognized as one of the outstanding trade associations in eastern North Carolina. During the past dozen years it has been a contributing factor to the progress of Wilson and Wilson County. In addition to promoting such activities as trade events, industry, agriculture, conventions, tourists and advertising, it has promoted the North Carolina Tobacco Tamasha (Indian for "Social Gathering"), which is one of the largest celebrations of its kind in the South. This festival has received nation-wide publicity in the leading newspapers and magazine publications, as well as the newsreels.

The Wilson Chamber of Commerce also serves as a clearing-house and general bureau of information. Headquarters for the Chamber are located in the lobby of the Cherry Hotel.

"Lectro-Host  
made me proud  
of my Kitchen!"

## THE RANGE...

... is so lovely. And it has the Vari-Speed, One Switch Control so you can heat units to the exact degree you want.

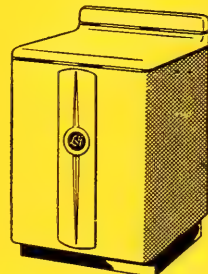

## THE REFRIGERATOR...

... keeps everything cold and fresh! So beautifully designed, too, with sliding crispers and meat compartment.

## THE WATER HEATER...

... fits in right along with my sink and working unit. All the hot water we need. Warranted, too, for ten years.

## Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

## CAUTION....

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MEMORIALS OF ENDURING BEAUTY

AUTHORIZED DEALER

GEORGIA *Crystalline* MARBLE

## *Enduring Beauty*

True beauty endures. The magnificent temples of ancient Greece are to this day regarded as masterpieces of architecture and design. A properly designed memorial has the same timeless quality. When executed in nature's most enduring monumental material it is not only a fitting tribute to memory but a work of art for posterity as well.

*A memorial is one of the most important purchases you will ever make. Buy with confidence from an established dealer where service and satisfaction are assured.*

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

*The*  
**WILSON DAILY TIMES**

## HILL'S WILSON

Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

### 1951-52

Copyright, 1951, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parentheses denote old numbers.

(c) denotes colored.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

1ST — From Forrest rd south to be-  
yond Center, 1 west of S Tarboro

2D — From ½ block northeast to ½  
block southwest of Forrest rd, 1  
northwest of S Tarboro

MORE GOODS  
ARE BOUGHT AND SOLD  
THROUGH THE  
CLASSIFIED BUSINESS LISTS  
OF THE  
DIRECTORY  
THAN  
ANY OTHER MEDIUM  
ON EARTH

***Out of Sight - Out of Mind***  
**★ *Out of Business* ★**

**The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.**

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***
